BRYCE

S3-Safetyshoe with sole plate for wet work

Ultimate safety that feels like it's made just for you, safe, comfortable and Circular. Experience the safety of the reinforced upper material in combination with perfect comfort. This is the perfect safety shoe for those working in construction, agricultural or metal industries. The impenetrable sole protects your feet from sharp and metal objects. The steel toe cap and reinforced PU toe cover, offer protection from falling objects. Created with microfiber components that can stand up to cement. While concrete makes leather turn dry and hard, microfiber simply remains flexible. Bryce is also perfectly able to resist corrosive substances and the bright and reflective 3M strip will ensure that you remain very visible at all times.
