CrossForce Flex low

S3S-Safety shoes

**CrossForce Flex low,
unstoppable in every way.**

The CrossForce Flex is fitted with the smart Fast Lock System. A safe and easy to use alternative to the usual lace closure, which can be secured with one hand. A smart system which allows you to put on and take off your safety shoes quickly and ensures you don't trip over your laces. Discover how safety and sustainability go hand-in-hand. Excellent safety without the use of metals and made using recycled content. This lightweight flexible and dynamic shoe has a 3M reflective strap on the instep and at the heel. With the innovative Framework PU outsole and NANO carbon toe cap, they deliver a top performance and sense of safety.
