LUKAS

S3-Safetyshoe with sole plate for wet work

The all-round safety shoe

A high version of the Leo, an all-round shoe created primarily to cope with everything the Construction industry has to throw at it. A steel toe cap, a PU outer toe cap and the easy-twist sole provides a "sticky grip". The Lukas is also the ideal choice for those with slightly broader than normal feet as it's available in a variety of widths.
