MITCHEL

S3-Safetyshoe with sole plate for wet work

The shoe that's as comfortable as it is safe.

The Mitchel is almost impenetrable, which makes it ideal for working with metal. A perfectly integrated steel toe protects your feet against falling pieces of metal and other exterior threats. The Gripforce® Duo soles are able to withstand high temperatures and are oil and petrol resistant. The shoe offers optimum ventilation and any moisture is removed immediately by Hydro-Tec® Antibacterial. Ankle protection "Comfort Sponge" with added padding provides a comfortable and safe feel.
