NAPOLI

S3-Safetyshoe with sole plate for wet work

It feels like a brogue, protects like a safety shoe.

Based on the classic Brogue design, the Napoli's a lower version of the Novara providing a little more ankle support thanks to its extended shank. Safety features such as virtually impenetrable nitrile rubber soles combined with the shoe's sophisticated looks, allow you to move easily between the office and warehouse. And be equally comfortable, safe and appropriately attired in both.
