## NORDIC

S3-Safetyshoe with sole plate for wet work

Take it all in your stride.

The Nordic's design optimises comfort for all shapes and sizes of feet. It's a lower version of the Nestor. The shoe's oiled nubuck leather is soft to the touch yet repels water like it's rolling off a duck's back. It's the ideal 'in and out' shoe. Perfect for visiting a construction site, loading and unloading, the Nordic takes it all in its stride.
