

## Artikelnummer

MM937868

FIT XD

SIZE RANGE 37-49

COLOR Black / Grey

UPPER MATERIAL Full Grain Leather / Chemical

resistance

LINING MATERIAL Hydro-Tec®

Antibacterial/DryShield membrane

INSOLE Non woven Antistatic

INLAY SOLE Anti bacterial

TOE CAP Steel / EN ISO 22568-1:2019

PROTECTIVE LAYER Stainless Steel / EN

22568-3:2019

UPPER CONSTRUCTION Strobel-stitched

MIDSOLE PU

OUTSOLE Nitril rubber | GripForce® Duo |

**HRO** 

OUTER TOE CAP PU

FASTENING TYPE Laces Black/Grey RPET

WORKING 140 CM

EUROPEAN STANDARD EN ISO 20345:2011

ANTISTATIC PROPERTIES Antistatic 0,1 - 1000 M Ohm

ANTI-SLIP SRC

## **PLUVIUS**

S3-Safetyshoe with sole plate for wet work

The first and last word in foot protection.

If you're working with combustible materials, you need to be made of strong stuff, and so do your boots. Dryshield membrane is one of the hardest wearing, most liquid repellant materials available. There are no second chances with corrosive chemicals, which is why the Pluvius boots are the first choice of many professionals in the Petro-Chemical industry. You'll find them on the feet of platform workers in the North Sea and walking around some of the bigger plants in Europe. Outstanding grip in every kind of weather and a good 'on foot fit' are amongst the many reasons why.

Industries: Chemical industry,
