

Artikelnummer

MM736540
MM737560

FIT	D-XD
SIZE RANGE	35-48
COLOR	Blue / Grey
UPPER MATERIAL	Nubuck / Cordura®
LINING MATERIAL	Hydro-Tec® Antibacterial
INSOLE	Non woven Antistatic
INLAY SOLE	Anti bacterial
TOE CAP	Steel / EN ISO 22568-1:2019
PROTECTIVE LAYER	None
UPPER CONSTRUCTION	Strobel-stitched
MIDSOLE	PU
OUTSOLE	PU GripForce® Easy Twist
OUTER TOE CAP	None
FASTENING TYPE	Laces Black/Grey RPET WORKING 120 CM
EUROPEAN STANDARD	EN ISO 20345:2011
ANTISTATIC PROPERTIES	Antistatic 0,1 - 1000 M Ohm
ANTI-SLIP	SRC

SILVERSTON

E

S2-Safety shoe for wet working conditions

Fuelled by Hydro-Tec®
Antibacterial to keep feet fresh and dry.

A contemporary design heavily influenced by the outdoor shoe sector with a similarly easy 'on-foot feel'. The Silverstone's nubuck leather uppers provide good foot and shank support, yet are soft, supple and highly comfortable. The shoe offers all round protection with a steel toe cap. On foot freshness is guaranteed with EMMA's unique Hydro-Tec® Antibacterial for drier, fresher feet.
