ANTISTATIC PROPERTIES	Antistatic 0,1 - 1000 M Ohm
ANTI-SLIP	SRC

Most wanted protector.

A lace-up shoe for even better fit and optimum floor contact, yet with the same hygienic properties as the Vera and the Vaya. The zipped cover provides additional protection against all kinds of dirt, germs and bacteria.
Designed with hygiene in mind, Vila with its protective toe cap is easy to clean, breathing and features Hydro-Tec® Antibacterial for dry, fresh feet. Vila with protective toe cap prevents staining and is lubricant and fat resistant. The sole was developed for use on hard tiled floors and other easy-to-clean floors often seen in the food industry and catering. In the event of spills Vila keeps your feet dry and stable.

Industries:Food industry, Chemical industry,
