| UPPER CONSTRUCTION | Strobel-stitched |
| MIDSOLE | PU |
| OUTSOLE | GripForce® Duo / HRO |
| OUTER TOE CAP | None |
| FASTENING TYPE | Laces Black/Grey RPET WORKING 120 CM |
| EUROPEAN STANDARD | EN ISO 20345:2011 |
| ANTISTATIC PROPERTIES | Antistatic 0,1 - 1000 M Ohm |
| ANTI-SLIP | SRC |

ZANDVOORT

S3-Safetyshoe with sole plate for wet work

Classical design, future proof protection.

A classically designed shoe but one that has all the state of the art safety features you'd expect from footwear bearing the EMMA name. It's a mid-level boot version of the Zolder with water repellent oiled Nubuck uppers, internal steel toe protection and an exceptional 'sticky' grip, even on wet and greasy surfaces. Primarily designed for Metal workers, the Zandvoort is also popular with people in Agriculture and other outdoor occupations where a strong, safe, comfortable shoe is essential to get the job done.

Industries: Metal industry, Nature & environment, Oil & gas
